THE CITY DIRECTORY

INDISPENSABLE TO THOSE WHO KNOW WHAT IT CONTAINS

It will answer almost any question that can come up regarding inhabitants, institutions or business interests of the city.

To know how to use it, and to have it at hand for ready reference is a great aid to efficiency.

Special Descriptions of many of the more progressive houses are there because it is recognized as the logical place to look for them.

This Company organized an Electric Lighting Department in 1888, taking power from the Cohoes Company and operating water wheels under 90 feet head. Later a power section was added to this department. The City of Cohoes is well piped for gas, and electric lines for power and light cover the city. Consumers' rates are low and favorable contracts are made for power. The Company is progressive and offers favorable inducements to parties desiring to locate.

The Value of Exact Knowledge

Is nowhere greater than in business. Know where your customers are located. Know who else is in the same line, and try to make them customers.

Know that you have no dead ones on your mailing-list, and know that you have the correct name and address of every one who might be made a customer.

It is easy with the Directory at hand.
